Fun design, unbelievable sound!

Looks can be deceiving, especially when you see the mi-football for the first time. The compact size belies the power, precision and depth of sound delivered from its **23 Watts 3 speakers.**

2.1 Channel speaker system combines with a subwoofer to handle the lowest spectrum.

Great performing speakers that blow the competition away!

Multiple compatibility

As well as the "iPod docking" the mi-football comes with a 3.5mm audio input jack socket to allow connection to MP3, MP4 player's, PC's, TV's, iPhones, CD, PSP, Xbox or Discman and the like.

Remote control

The mi-football remote control allows you to make your track/artist selections and adjust the volume, treble and bass.

Unique touch control

The Capriccioso Sense Control (CSC) uses a unique microchip that only responds to **human touch!**

Gently putting your finger on one of the mi-football's patches will allow the volume to be increased or decreased, to the delight of young and old alike. The touch facility includes fast forward & rewind and enables track selection.
